

Box Tags protect a wide range of merchandise due to their expandable cables. Box Tags provide the highest level of protection enabling retailers to tag their most expensive merchandise.

KEY FEATURES

- 3 tag sizes
- Works with both the 58khz and 8.2mhz frequencies
- Offered in black, white, grey or any customer color
- Higher detection rate than labels
- More protection than adhesive labels
- Reusable - unlike a label
- Protects the merchandise and eliminates shoplifting
- Tough, secure reusable

SUGGESTED APPLICATIONS

Electronics, toys, bottles, rods & reels, golf clubs, drill bits and other boxed items.
